For County Surveyor,
EZRA MASON.
Coroners,
BERT C. SICKLES,
ERASTUS B. KNAPP.

National Thanksgiving.

BY THE PRESIDENT.

In conformity with a custom, the annual observance of which is justly held in honor by this people, I, Chester A. Arthur, president of the United States, do hereby set apart Thursday, the 30th day of November next, as a day of public thanksgiving.

The blessings demanding our gratitude are numerous and varied. For the peace and amity which subsist between this Republic and all the nations of the world; for freedom from internal discord and violence; for the increasing friendship between the different sections of the land; of liberty, justice, and constitutional government; for the devotion of the people to our free institutions and their cheerful obedience to mild laws; for the constantly increasing strength of the Republic while extending its privileges to fellowmen who come to us; for the improved means of internal communication and the increased facilities of intercourse with other nations; for the general prevailing health of the year; for the prosperity of all industries, liberal return for mechanics' toil, affording a market for the abundant harvests of the husbandman; for the preservation of the national faith and credit; for wise and generous provision to effect the intellectual and moral education of our youth; for the influence upon the conscience of restraining and transforming religion, and for the joys of home; for these, and for many other blessings, we should give thanks.

Wherefore, I do recommend that the day above designated be observed throughout the country as a day of national thanksgiving and prayer, and that the people, ceasing from their daily labors, and meeting in accordance with their several forms of worship, draw near to Almighty God, offering to Him praise and gratitude for the manifold goodness which He has vouchsafed to us, and praying that His blessings and His mercies may continue.

And I do further recommend that the day thus appointed be made a special occasion for deeds of kindness and charity to the suffering and needy, so that all who dwell within the land may rejoice and be glad in this season of national thanksgiving.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this twenty-fifth day of October, in the year of our Lord one thousand eight hundred and eighty-two, and of the independence of the United States one hundred and seventh.

CHESTER A. ARTHUR.

By the President:

FRED'K T. FREELINGHUYSEN,
Secretary of State.

Veterans of Shiawassee county, a Democrat leader has told you that they "would not cease until every vestige of your war measures were removed from the Statute Book." How do you like it?

Voters will please remember that the Republican candidate for Senator in this district, ex-Senator Chas. M. Wood, was instrumental in settling a claim for royalty on a certain fence, claimed to be patented, and which is being extensively used in the southern part of the State—thereby saving a large amount of money to the farmers by exposing the swindle.

REGISTER.

REGISTER without fail.

VOTE early and VOTE right.

The farmers will vote for Dewey.

Under no consideration trade your vote.

Vote the Republican ticket without a slip on it.

Wherever D. H. Jerome speaks he wins lots of friends.

Moreau S. Crosby is entitled to the vote of all temperance men.

Vote for John W. Dewey, the honest and conscientious legislator.

If you elect Mason, Sickles and Knapp, you will never regret it.

Vote for Horr, the friend of the farmer, the laborer and the mechanic.

Republicans of the 1st district see that every vote is polled for Geo. H. Cooper.

Harry A. Conant is qualified in every way to fill the office of Secretary of State.

The farmers should see their candidate for Sheriff is elected. His name is BALL.

Mr. Welch has made an efficient County Clerk, as one can see by examining the court records.

Republicans if we do our duty next Tuesday we can give fusion a death blow in Michigan forever.

David H. Jerome has been in all respects a competent executive officer and we owe him a hearty support.

Charles H. Hutchins should receive the vote of every citizen of this county for Circuit Court Commissioner.

Frank E. Welch has made as good a County Clerk as Shiawassee has ever had. Give him a rousing old majority.

Farmers of Shiawassee county do your duty Tuesday and Nathaniel Ball will succeed Clark Smith as guardian of the new jail.

Neal Dow, prohibition candidate for President two years ago, urges temperance men of Michigan to vote the Republican ticket. Don't forget this.

David H. Jerome has performed the duties of Governor in a thorough business way and each official act has been for the right and best interest of the people of the whole State.

Frank H. Watson and Charles H. Hutchins are both men of ability, well posted in law and law forms and if elected Circuit Court Commissioners would fill the offices in a worthy manner.

Albert R. McBride has filled the important office of Prosecutor one term and is familiar with all duties connected with that office—voters, paste this in your hat and act accordingly Nov. 7th.

Republican greenbackers, democracy boasts that it has swallowed you. The Detroit Free Press heads the fusion ticket "Democratic Ticket" and the democratic orators speak of you as "their late allies."

If any one wants to see a fine set of books, well and neatly kept, let him call at the Register's office. He will come away satisfied that N. A. Finch is the man for the important office of Register of Deeds.

The change in tax laws renders it necessary to have a man for treasurer familiar with the intricate workings of that office to fill that position for the coming year. Vote for the present and efficient officer and in so doing you can feel assured that you have done your duty.

Nathaniel Ball has been a resident of this county for a number of years, has been a supervisor of his town three times and chairman of the Board of Supervisors twice; is in all respects a well posted man and one who would fill the office of Sheriff in a manner that the people of Shiawassee county could not possibly find fault with.

Hon. R. G. Horr has made, in his short service, a higher mark and a wider reputation than many who have been in Congress several times as long. His is a name that is always linked with every bill that aims to advance the welfare of our people. He has invariably guarded carefully the rights and interests of his constituents. Let him be re-elected by 5,000 majority.

THE DETROIT LEVER of Oct. 21

said: "Personal friends who were in the Yorktown excursion have assured us that Jerome was much the worse for liquor while on that trip." The Republican denounced this statement as a wilful lie, and called upon Brother Vanfleet to give the names of those "personal friends," or else rest under the calumny of being himself a liar. This he does not do, but his columns teem with additional misrepresentations of Governor Jerome. The names of those "personal friends" are what we want, and again we say, "don't forget it." In this same article in which he alluded to his "personal friends," he also says he has been informed that Governor Jerome keeps wines and liquors in his cellar. That is another lie, Mr. Lever, made out of whole cloth, and the Republican challenges you to show a spark of truth in the assertion. The Lever of Oct. 28 contains an article under the heading of "That reception at temperance headquarters," and signed by "one of the com.," which also grossly misrepresents Governor Jerome's position on the temperance question. This article reviews the receptions given by the W. C. T. U. during the session of the legislature of 1881, and viciously attacks him for not attending those receptions or sending "regrets." Whatever may have been Governor Jerome's personal view of the case the Republican does not know, but this it does know: That these receptions were given by persons who had been openly and secretly knitting him, and who are doing the same thing to-day. In spite of all the lies spawned and misrepresentations sent broadcast throughout the state, the fact still remains that Governor Jerome has been a true and consistent friend of the temperance cause, and we challenge the editor of the Lever or any person in Michigan to show that he has not. Again we repeat that the man does not live who ever saw Governor Jerome under the influence of intoxicants. Brother Vanfleet, please give us the names of those "personal friends," or else acknowledge that you have been giving your readers pure, unadulterated lie. [Lansing Republican.]

Dewey has demonstrated his utility as a legislator.

Wood made a good Senator in 1874 and ought to be re-elected.

A Final Word to the Republicans.

ARE YOU READY? The time near when this election will be decided. The phalanxes are now drawn up in battle array. The enemy have hoisted the banner of fusion. The two most discordant elements in politics have united for the purpose of beating you. Are you ready for the conflict? Have you completed arrangements for getting

VOTERS TO THE POLLS?

The Democrats always have one advantage over us in an off year—they always vote. Republicans, imitate this. If by 12 o'clock a Republican has not voted, send for him AT ONCE. It is very important to

KEEP A TALLY BOOK.

By so doing, at any time you may know just who have voted and who have not. You can see that no one votes twice. Stay at the polls until the votes are counted and the result is declared. Under any circumstances

DO NOT TRADE VOTES.

While it may be true that in general we are safe, some one legislative district or some one man on the ticket may be in danger. If there is any weak place on the ticket, the opponents will concentrate their whole strength against this place. Already the Democrats are combining their whole strength upon their half of the ticket. Republicans, vote and urge the

HABITUAL DELINQUENT to do likewise. In Ohio this year we lost because one-seventh of the voters stayed at home. Do not let this happen in Michigan. Stir up the torpid! Rouse the sluggish!

GOOD NEWS comes to us from Rush to Burns. The prospects are bright. Only

WORK, BE VIGILANT and active, and every man will be elected. Register, vote and vote the ticket straight and the sun on the 7th of this month will go down on the

MOST GLORIOUS VICTORY EVER ACHIEVED IN SHIAWASSEE COUNTY.

Work, hard work, enthusiastic work will roll up an unprecedented majority for purity in politics.

Greenbackers, Attention.

The Democratic organ of this county in its last issue enthusiastically mentions the Democratic half of the county ticket—in fact, praises them to the sky; but it ENTIRELY neglects to even notice the Greenback half. It mentions Mr. Kelso in an exceedingly complimentary manner but Mr. Hart is passed over in silent contempt. Kelso is a Democrat and Hart a Greenbacker. J. E. Turner is given two notices and Wixon gets none. Democrat VanDusen gets a good notice and Greenbacker Potter is given a cold shoulder. The candidate for Clerk is a Democrat and for Treasurer a Greenbacker. Baldwin gets a puff and Mr. Bailey is not thought of.

This seems to be in accordance with the policy of "electing a part of the ticket," as put forth by this same organ in its first issue after the convention. The Democrats called the first convention and adjourned to meet the Greenbackers. They took the initiatory steps, they were the woers; but it is plain now that it was only for the purpose of "electing part of the ticket that the Democrats so enthusiastically advocated fusion.

You, Greenbackers, have kept your part of the sale. Mr. Pulver, your leader, has stumped the county for fusion. The Democrats care nothing for you or your principles; they only want your votes. Will you consent to be sold out in this manner, to be traded off by those who have nothing in common with you, and who will drop you like hot cakes after you have voted for Kelso, Baldwin and the rest of the Democratic candidates.

Business is Brisk.

Said a prominent business man to us the other day "business is so brisk that one can hardly get time to attend to political matters this year." We met this same prominent business man in the year 1878, and he said to us "my factories and stores are full of goods, but there are few buyers, and we can get no money for those we do sell. In fact the goods that cost us a dollar will not bring us the same money, and we do not see anything in the future to encourage us. To make matters still worse a political campaign, which may be successful, based on the grossest financial heresies is being pushed all over the country, which, if successful, will involve the country in ruin." Then, the business men almost regardless of party, rallied around the honest money standard and did what they could to prevent the election of those who favored that policy, and they were successful generally all over the North. The result was a Republican policy of specie payments and as a result came confidence and a general revival of the business of the country, and of business industries. A year or two later there was no talk of unemployed labor, of silent factories, of unsold goods, or of over production. Prosperity had come, thanks to the Republican policy of specie resumption, and protection to American labor and American industries, and having come, it has remained until business men say to-day "we have no time to attend to politics." Yes, business is brisk because the good sense of the people in 1878 and 1880 sat down on the financial heresies of the Greenback and Democrat parties. Well, we wonder if it does not now occur to those who are "too busy to attend to politics," that it is more than possible that, if they persist in refusing to give a little attention to politics, something, we cannot name it, connected with politics, some mischievous political upheaval may not check and, perhaps, entirely destroy the present general prosperity. Business men, do you believe the business prosperity of the country is so well assured for years to come, that it will be entirely safe for you to trust, and to call into power, through neglect of politics, the political influences which you regarded as a menace and a danger in 1878, simply because to-day "business is so brisk" as the result of the triumph of the Republican policy then, that you "have no time to attend to politics." Pause and consider whether the present prosperous condition of the trade and industries of the country, confessed to be the result of Republican policy, is a thing to be trifled with, and if not, see to it that from now until the polls close on the night of the 7th of November, you devote to politics so much of your valuable time as may be necessary to ensure the election of the Republican ticket, especially that portion of it which has to do with State and National legislation, that in the future as now, you may find it difficult, so brisk shall be your business, to find much less time "to attend to politics."

FOR STOVES!

—GO TO THE—

Great Stove House

—OF—

C. J. STUART,

Where you will find the largest Stock and the greatest variety of any Retail House in the State. Look at this list of

"JEWEL STOVES,"

First The

"JEWEL BLAZE,"

A new and very handsome low price Stove. The

"JEWEL COTTAGE,"

Improved for 1882, is the handsomest and largest Cottage Stove in the market. The

"JEWEL PARLOR,"

Has no equal, and for a handsome and economical Stove, we defy all competition. The

"JEWEL OAK,"

Is a new round Stove, made this year for the first, and for finish, good working qualities, and design, it stands at the head of all the round Stoves made; so pronounced by all Stove men; and for Coal Stoves The

"CROWN JEWEL,"

Is, as it always has been, the very handsomest Stove ever produced, and with the sales of former years, and the great success we have had with them, makes us feel as though we need say nothing for them, as everyone knows the Name "Crown Jewel," is a sufficient guarantee of the very best Coal Stove made; we also have a new Coal Stove by the name of

"JEWEL,"

Which is constructed on the principle of all other Coal Stoves, namely: Two Flues, and we guarantee it to work as well and as economical as any Stove aside from the "Crown Jewel," and is very much lower in price.

The above is only a few of our best Stoves, but we have many more that are very cheap in price. We also have a very full line of

COOKING STOVES.

Which we cordially invite all, whether in want of Stoves or not, to give us a call, and examine our Stoves and get prices.
